#### Perez

Angela O'Byrne

#### University of Illinois at Urbana-Champaign, Department of Urban and Regional Planning

Lauren Good, Tim Glass, Shawn Strate, Sara Egan, Sengho Kim, Zeba Aziz, Angela Fike

#### Special note:

*The Planning Team wishes to pay tribute to the district's residents, businesspeople, institutional leaders, and other stakeholders who gave so generously of their time, insights, and commitment to the creation of this plan. They themselves have identified the opportunities, are clearly confronting the challenges, and are setting in motion the ideas, initiatives, and projects that will be so central to the renewal of District 7, and the Bywater and Marigny neighborhoods. A list of sounding board members is included in the Appendices.*

*Many organizations and individuals deserve appreciation. Particular thanks are due to the staff at the Desire Street Ministries and Convent of the Holy Angels for their assistance with events and coordination of meetings—and for sustained interest in the UNOP process.*

*ACORN deserves special mention for its excellent assessment work as part of this process and its subsequent terrific policy and implementation recommendations.*
